Notes to the financial statements and other explanatory information As at and for the Year ended on September 30, 2023

# 1.0 The Company and its activities:

# 1.1 Introduction:

The organization was incorporated on 02 May, 1981 as a Private Limited Company under the Companies Act, 1913 and now 1994. It was converted into a Public Limited Company under the same statute. Its shares are listed in both the Dhaka and Chittagong Stock Exchange Limited.

The Registered Office of the Company is located at 93, Motijheel C/A, (3rd Floor), Dhaka-1000 and the Factory is located at Amirabad (Shibrampur), Faridpur.

# 1.2 Nature of business/ Principal activities of the Organization:

The Company is manufacturer of high quality PVC Rigid Pipes & PVC Profiles products. Currently due to working capital shortage, PVC plastic wood and PVC flexible corrugated conduit pipes production has been temporally closed.

# 1.3 Presentation of financial statements:

As per IAS-1 "Presentation of Financial Statements", financial statements shall comprise statement of financial position, statement of profit or loss and other comprehensive income, statement of changes in equity, statement of cash flows and notes to the financial statements comprising summary of accounting policies and other explanatory information. Furthermore, IAS-1 states that, an entity shall present its current and non-current assets and liabilities, as separate classifications in its statement of financial position.

# i. Components of the Financial Statements:

According to the International Accounting Standards (IAS)-1 "Presentation of Financial Statements" the complete set of Financial Statements includes the following components":

- i. Statement of Financial Position as at September 30, 2023
- ii. Statement of Profit or Loss & Other Comprehensive Income for the year ended September 30, 2023
- iii. Statement of Changes in Equity for the year ended September 30, 2023
- iv. Statement of Cash Flows for the year ended September 30, 2023 and
- v. Notes to the financial statements and other explanatory information.

# ii. Revenue:

An entity shall account for a contract with a customer that is within the scope of IFRS - 15 only when all of the following criteria are met:

- i) Identify the contract (s) with a customer.
- ii) Identify the performance obligations in the contract.
- iii) Determine the transaction price.
- iv) Allocate the transaction price to the performance obligations in the contracts.
- v) Recognize revenuer when (or as) the entity satisfies a performance obligation.

### 1.4 Measurement of elements in the financial statements:

Measurement is the process of determining the monetary amounts at which the elements of the financial statements are to be recognized and carried in the financial statements. The measurement IASis adopted by the Company is historical cost except for land and building which are stated in accordance with the policies mentioned in the respective notes.

# 1.5 Use of estimates and judgements:

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses, and disclosure requirements for contingent assets and liabilities during and at the date of the financial statements.

Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing IASis. Revisions of accounting estimates are recognized in the period in which the estimate is revised and in any future periods affected.

Information about significant areas of estimation uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements include depreciation, amortization, impairment, post employment benefits liabilities, accruals, taxation and provision.

# 1.6 Comparative information and rearrangement thereof:

Comparative figures have been re-arranged wherever considered necessary to ensure better comparability with the current period without causing any impact on the profit and value of assets and liabilities as reported in the financial statements.

# 1.7 Going concern:

When preparing financial statements, management makes an assessment of the Company's ability to continue as a going concern. The Company prepares financial statements on a going concern basis. In spite of working capital constant, the Company has adequate resources to continue in operation for the foreseeable future. For this reasons, the directors continue to adopt going concern basis in preparing the financial statements.

Agrregated Loss of the company was reached by Tk. (515,325,321) as on 30.06.2023 and at cuttoff date of this financial year it stood Tk. (520,289,632). A Loss amounting to Tk. (5,385,706) has earned during the period despite of that the company has been paying Dutch Bangla Bank Limited monthly loan installment regularly & company seems that Uttara Bank Ltd cases Judgement will be in favour of company. For these reasons, the directors continue to adopt going concern basis in preparing the financial statements inspite of agrregated loss shown in the financial statements.

# 1.8 Accrual basis of accounting:

The Company prepares its financial statements, except for cash flow information, using the accrual basis of accounting. Since the accrual basis of accounting is used, the Company recognizes items as assets, liabilities, equity, income and expenses (the elements of financial statements) when they satisfy the definitions and recognition criteria for those elements in the Framework.

# 1.9 Materiality and aggregation:

The Company presents separately each material class of similar items. The Company presents separately items of a dissimilar nature or function unless they are immaterial. Financial statements result from processing large numbers of transactions or other events that are aggregated into classes according to their nature or function.

# 1.10 Reporting period:

These financial statements of the Company covers one financial year from July 01, 2023 to Sept. 30, 2023.

# 1.11 Authorization of the financial statements for issue:

The financial statements were authorized by the Board of Directors on October ....., 2023 for issue after completion of review.

# 1.12 Statement of Cash Flows:

Statement of Cash Flows is prepared in accordance with IAS 7-"Statement of Cash Flows". The Statement shows the structure of changes in cash and cash equivalents during the financial year. Statement of Cash Flows is prepared principally in accordance with IAS-7 "Cash Flow Statement" and the cash flow from the operating activities have been presented under direct method, paragraph 19 of IAS-7 which provides that "Enterprises are Encouraged to Report Cash Flow from Operating Activities Using the Direct Method".

# 1.13 Statement of changes in equity:

Statement of Changes in Equity has been prepared in accordance with IAS 1 - "Presentation of Financial Statements"

# 1.14 Changes in accounting policies:

The company changes its accounting policy only if the change is required by a IFRS or results in the financial statements providing reliable and more relevant information about the effects of transactions, other events or conditions on the company financial position, financial performance or cash flows. Changes in accounting policies is to be made through retrospective application by adjusting opening balance of each affected components of equity i.e. as if new policy has always been applied.

# 1.15 Changes in accounting estimates:

Estimates arise because of uncertainties inherent within them, judgment is required but this does not undermine reliability. Effect of changes of accounting estimates is included in profit or loss account. The preparation of the financial statements are in conformity with IFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Company's accounting policies. Previously Company Maintained Unit wise Accounts for Tax Holiday benefits Purpose but Tax Holiday period now Expired So, the Company's Board of Directors decided to Maintain only consolidated Financial Statement from this year.

# 1.16 Correction of error in prior period financial statements:

The company corrects material prior period errors retrospectively by restating the comparative amounts for the prior period(s) presented in which the error occurred; or if the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and equity for the earliest prior period presented.

# 1.17 Segment Reporting:

No segmental reporting is applicable for the company as required by IFRS 8: "Segment Reporting" as the company operates in a single industry segment and within a single geographical territory.

# 2.0 Summary of significant accounting policies:

Accounting policies are determined by applying the relevant IFRS. Where there is no available guidelines of IFRS, management uses its judgment in developing and applying an accounting policy that results in information that is relevant and reliable. The company selects and applies its accounting policies for a period consistently for similar transactions, other events and conditions, unless a IFRS or specifically requires or permits categorization of items for which different policies may be appropriate. The accounting policies set out below have been applied consistently in all material respects to all periods presented in these financial statements.

# 2.1 Cash and cash equivalents:

Cash and cash equivalents include notes and coins in hand and at bank, which are not ordinarily susceptible to change in value. For the purpose of Statement of Financial Position and Statement Cash Flows, Cash in Hand and Bank balances represent cash and cash equivalents considering the IAS-1 "Presentation of Financial Statements" and IAS-7 "Cash Flow Statement", which provide that Cash and Cash equivalents are readily convertible to known amounts of Cash and are subject to an insignificant risk of changes in value and are not restricted as to use.

# 2.2 Fixed assets [Property, plant & equipment and intangibles]:

# 2.2.1 Recognition:

The cost of an item of property, plant and equipment is recognized as an asset if, and only if, it is probable that future economic benefits will flow to the Company and the cost of the item can be measured reliably.

# 2.2.2 Measurement at recognition:

An item of property, plant and equipment that qualifies for recognition as an asset is measured at its cost. The cost of an item of property, plant and equipment is the cash price equivalent at the recognition date. The cost of a self-constructed asset is determined using the same principles as for an acquired asset.

# 2.2.3 Elements of costs and subsequent costs:

Cost includes purchase price (including import duties and non-refundable purchase taxes), directly attributable costs to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the management and the initial estimate of the cost of dismantling and removing the item and restoring the site on which it is located. Costs of day to day servicing (repairs and maintenance) are recognized as expenditure as incurred. Replacement parts are capitalized, provided the original cost of the items they replace is derecognized.

# 2.2.4 Measurement of property, plant & equipment after recognition:

# Cost model

After recognition as an asset, an item of property, plant and equipment shall be carried at its cost less any accumulated depreciation.

# Revaluation model

The revaluation model requires an asset, after initial recognition, to be measured at a revalued amount, which is its fair value less subsequent accumulated depreciation.

Where an asset's carrying amount is increased as a result of a revaluation, the increase is recognized in equity under the heading of revaluation reserve. However, the increase is recognized in profit or loss to the extent that it reverses a revaluation decrease of the same asset previously recognized in profit or loss.

Where an asset's carrying amount is decreased as a result of a revaluation, the decrease is recognized in profit or loss. However, the decrease is recognized in equity to the extent of any credit balance existing in the revaluation reserve in respect of that asset. The decrease recognized in equity reduces the amount accumulated under the heading of revaluation reserve.

The revaluation reserve included in equity in respect of an item of property, plant and equipment is transferred directly to retained earnings when the asset is derecognized. However, some of the surplus is transferred as the asset is used by the Company. In such a case, the amount of the revaluation reserve transferred would be the difference between depreciation IASed on the revalued carrying amount of the asset and depreciation IASed on the asset's original cost.

# 2.2.5 Derecognition of property, plant and equipment:

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the derecognition of an item of property, plant and equipment is included as other income in profit or loss when the item is derecognized.

# 2.2.6 Depreciation:

The depreciation charge for each period is recognized in profit or loss unless it is included in the carrying amount of another asset. Depreciation of an asset begins when it is installed and available for use, i.e. when it is in the location and condition necessary for it to be capable of operating in the manner intended by management. Depreciation of an asset ceases at the earlier of the date that the asset is classified as held for sale and the date that the asset is derecognized. Depreciation has been charged using Diminishing Balance Method (DBM). Full years depreciation is charged on addition irrespective of date when the related assets are ready to use and no depreciation is charged on assets disposed off during the year. Expenditure for maintenance and repair are expensed, major replacements, renewals and betterment are capitalized. The residual value and the useful life of an asset is reviewed at least at each financial year-end and, if expectations differ from previous estimates, the change(s) shall be accounted for as a change in an accounting estimate.

Depreciation is calculated IAS on the cost/revalued amount of items of fixed assets [property, plant & equipment] less their estimated residual values using reducing balance method (RBM) over their useful lives and recognized in profit and loss. Land is not depreciated. Rates of depreciation considering the useful life of respective assets are as follows:

Particulars	Rate of Dep.
Building & Other Constructions	10%
Road & Sewerage	10%
Electrical Installation	15%
Plant & Machinery	10%
Furniture & Fixture	10%
Fittings	10%
Office Equipment	15%
Loose & Tools	15%
Motor Vehicles	20%
Weight Bridge Equipment	15%
Factory Equipment	15%
Pump House	15%
Crockeries & Cutleries	20%
Sundry Assets	15%
Gas Line Installation	10%

Depreciation has been charged to Statement of Profit or Loss and other Comprehensive Income consistently.

# 2.2.7 Impairment of Assets:

An entity shall at the end of each reporting period whether there is an indication that asset may be impaired (if any) such indication exists the entity shall estimate the recoverable amount of the assets and compute impairment and reports to the statements of profit or loss and other comprehensive income as impairment loss.

Entity applies periodic review to ensure that its assets are carried at no more than their recoverable amount, which is hunger of an assets or cash generating units fair value less costs of disposal and its value in use as prescribed in IAS-36."Impairment of Assets". There is no indication that assets may be impairment. Moreover, the company has no intengible assets for which impairment test is required.

# 2.3 Valuation of Inventories:

Inventories are assets held for sale in the ordinary course of business, in the process of production for such sale or in the form of materials or supplies to be consumed in the production process. Inventories are stated at the lower of cost or net realizable value in compliance to the requirements of Para 10 of IAS-2. Costs including an appropriate portion of fixed and variable overhead expenses are assigned inventories by the method most appropriate to the particular class of inventory. Net realizable value represents the estimated selling price for the inventories less all estimated cost of completion and cost necessary to make the sale. Item wise valuation is as follows:

Category of Inventories	Basis of Valuation
Raw & Packing Materials	At Weighted average cost
Work-in Progress	At Weighted average cost
Finished Goods	At Weighted average cost

# 2.4 Leases:

# Right-of-use assets (ROU)

The company recognizes the right-of-use assets (RoU) at the commencement date of the lease (i.e. the date the underlying asset is available for use). RoU assets are measured at cost less any accumulated depreciation and impairment of losses and adjusted cost incurred, and lease payment made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight line basis over the lease term, or remaining period of the lease term. The company assessed all lease contracts live in 2019 and recognized as RoU of assets of all leases, except short term and low value of assets as per the Companies' own policy set as per IAS 16 and IFRS 16.

# Lease Liability

At the commencement of the lease, the company recognizes lease liabilities measured at the present value of lease payments initial payment, and amount is expected to be paid under residual value of guarantees. The lease payments also include the exercise price of purchase option reasonably certain to be exercised by the company and payment of penalties for terminating the lease to be made over the lease term. The lease payments include fixed and variable lease payment (less any adjustment for terminating the lease term).

# 2.5 Other provisions, accruals and contingencies:

# 2.5.1 Recognition of provisions, accruals and contingencies:

A provision is recognized when the Company has a present obligation (legal or constructive) as a result of a past event; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; a reliable estimate can be made of the amount of the obligation. Accruals are liabilities to pay for goods or services that have been received or supplied but have not been paid, invoiced or formally agreed with the supplier, including amount due to employees.

# 2.5.2 Measurement of provision:
